Printer C60

Basic design with full functionality. Offers extra space for texts and logos.

available colours / additional pictures:

Slim, very compact design. The well designed handle with integrated ribs at all sides allows an extremely pleasant handling. The pre-punched index card shows the complete imprint and is protected by the index window. Integrated rubber feet on the bottom of the casing prevent the stamp from sliding while stamping. On both sides of the handle a self-releasing locking device is integrated which allows transportation in locked position.

Details
